

All for One

At the Licking County Family YMCA we recognize that recreational activities are an important part of a child's life and too often children with disabilities do not get the opportunity to participate in them. So, in conjunction with the Licking County Board of MRDD, we have developed a program for children with special needs to get involved. Our "All for One" Summer Camp is designed for children of ALL abilities that will give them an outlet for their energies that is fun and exciting.

This camp program will mirror the traditional YMCA summer camp weekly themes and daily schedule but will include activities that focus on development and improvement of physical and social skills. The All for One program is open to all children regardless of their ability, and will provide them an opportunity to experience scheduled specialty camps if their skill level allows. Register at the YMCA Childcare Center.

For more information please contact Jim Whisler @ 323-1912

At the Licking County Family YMCA we build strong kids, strong families and strong communities.
