Our products

Quality Time Products include **standard** and **customized** puzzles and dominoes. All are made by people with mental and physical disabilities in the LICCO Inc. workshop in Licking County.

These products are excellent training tools for county boards of mental retardation and developmental disabilities, other providers of MRDD and Medicaid services, schools, nursing homes, preschool programs, churches and youth groups.

We strive to develop and manufacture high-quality products at affordable prices.

Your purchase of Quality Time Products helps to support jobs for individuals who are served by the Licking County Board of MRDD and employed by LICCO.

If you have any questions about these or any other exclusive LICCO products and services, please visit our websites at -- www.liccoinc.net or www.liccoinc.com.

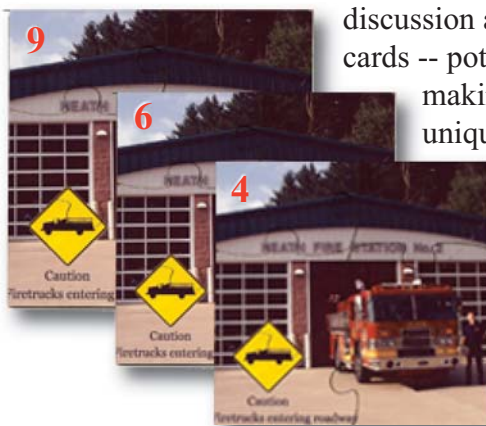

Progressive Puzzle Packs

Three levels of difficulty offer a challenging learning experience designed to stimulate problem solving skills, pattern recognition and manual dexterity. Each puzzle pack contains three puzzles of four, six and nine pieces, with increased complexity as the pieces become smaller.

A handy picture reference in categories such as safety, nutrition and community awareness serves as a guide to fostering interaction and discussion.

We also manufacture customized puzzle sets, made with your submitted photos. Available are the standard puzzles, or those with wooden pegs on each piece to aid with manual dexterity.

Included with each Progressive Puzzle Pack are discussion and prompt cards -- potentially making this a unique group learning experience.

Memory Match Boards

COMING SOON! Have fun and learn at the same time through pattern recognition. Each board has a coordinated theme to enhance interaction and assist in learning. Learn colors, discuss health and safety issues, or even explore basic money concepts. Each wooden placard comes with pre-marked slots that coincide with a marked disk that fits in place. Each disk has an attached peg for easy handling. **Customized orders accepted.** Look for even more product offerings soon.

Quality Time Dominoes

NEW! These unique and fun Dominoes games reinforce strategy skills. They also feature a variety of styles appropriate for structured activities -- from colors and safety, to money skills. Each pack contains 28 theme-oriented dominoes, made from quality hardboard for durability.

Memory Match Squares

This activity requires concentration and comes in a variety of pattern-recognition designs, or they can be customized to your liking. Memory Match Squares are intended to teach a variety of life skills including work, health and safety, as well as money and emergency recognition.

"It's All About Me" Puzzles

Customers may order one-of-a-kind puzzles featuring their own favorite high-quality photos. Most quality pictures can be made into a full-color puzzle. Suggestions include pets, children and special events.

These unique and customizable products are made of quality hardboard with a gloss finish. Puzzles are available in 4- to 16-piece sets. Solving these puzzles is a therapeutic activity -- we recommend them for people with MRDD as well as loved ones with dementia or Alzheimer's disease.
